Bringing the great outdoors into your home

Visofold Slide folding doors transform your home and the way you live your life; relax in stylish open plan living areas or enjoy a stunning panoramic view from your bedroom.

You will feel like you're living the outside inside by opening entire façades in your home and make the most out of a beautiful garden. Any aspiration is possible with a Visofold slide folding door. These beautifully designed, versatile doors are suitable wherever you want to transform your home; living room, bedroom, kitchen, conservatory. The choice is yours.

The modern aesthetics of a Visofold slide folding door will add a touch of finesse to any external aspect of your home. When closed, Visofold complements your home with a striking glass façade with attractive curved characteristics that are pleasing to the eye. Fold the sashes back to give a stunning opening that draws the exterior ambience into the comfort of your home.

Visofold slide folding doors come with all the assurances you would expect from a quality designed product. The aluminium profiles are designed to give strength and durability to ensure a structurally sound product that requires minimal maintenance and delivers reliable performance over a lifetime of use.

Create the perfect Visofold door styled to complement your home

visofold

Slide folding doors

Relax and enjoy the ambience created by a Visofold slide folding door.

Visofold doors fold open effortlessly, gliding on stainless steel rollers allowing unrestricted thoroughfares and the maximum use of space and light. The signature smooth contours and curved clean lines create an attractive aesthetic that will complement any home, whatever your taste or style.

Slide folding doors

Visofold's aluminium sections utilise the latest polyamide thermal barrier technology. This advanced profile technology creates a thermal transmittance barrier between the cold outside and the warm inside, keeping your home warm and comfortable even in the coldest weather, helping to reduce energy bills. The sashes can be glazed with a range of double or even triple glazed sealed units up to 38mm, and threshold options are available to give improved weather performance.

Sliding sashes have the option of folding back internally or externally, with a wide choice of sash configurations. For ease of access you do not have to open the doors 100%; open in the centre like French doors, or from the side like an entrance door. Aluminium profiles are finished in polyester powder coated paint and are available in a huge range of colours and finishes that includes dual colour, realistic wood structure and metallic paint options. The polyester powder coated paint finish is produced to the highest standards and quality assured by Smart's 25 year paint finish guarantee*.

Your home will be protected from unwelcome visitors with the assurance given by high security multi-point locking mechanisms fitted on opening sashes, shoot bolt locks on floating mullions and internally glazed sealed units.

*Conditions apply; speak to your installer for details.

Visofold doors fold to give large opening aperture.

Choose to fold Visofold doors internally or externally.

A recessed low threshold option offers unrestricted floor level access.

Visofold's attractive handles are available in a range of standard colours, and have the option of being colour matched to the colour of your doors, even in dual colour.

High security multi-point locks are fitted to master sashes as standard, with shoot bolt locking on all sliding mullions.

Sashes slide on four stainless steel rollers giving effortless motion, however large the door.
